Derrick Majchszak Announced as New CCRTA CEO

*Current Managing Director of Operations Unanimously
Selected Following National Search*

CORPUS CHRISTI, Texas – Following a nationwide search, Corpus Christi Regional Transportation Authority’s (CCRTA) Board of Directors has announced that they’ve unanimously selected Derrick Majchszak to be the next Chief Executive Officer (CEO). Derrick will begin his tenure as CEO on July 1, 2023.

“As a Board, we had an opportunity to interview a number of exceptional candidates from across the United States. I am excited to announce that Derrick Majchszak, our current Managing Director of Operations, will be CCRTA’s next CEO. As an individual who came up through the ranks of transportation, starting out as a Bus Mechanic, I believe his track record and leadership qualities will ensure that the future of CCRTA is in good hands,” said Dan Leyendecker, Board Chairman.

Derrick has more than 17 years of public transportation experience. He joined the CCRTA in 2017 as Director of Transportation before being promoted to Managing Director of Operations, where he led 250 employees and contractors and managed a \$26 million budget. Derrick earned his Bachelor’s Degree from Texas A&M University-Corpus Christi, and a Master’s in Public Administration from Tarleton State University. He is a U.S. Navy Veteran.

“I want to thank the Board of Directors for their vote of confidence, and I am honored and ready to serve as CCRTA’s Chief Executive Officer. I have witnessed firsthand how CCRTA has become a nationally-recognized transit agency, and I look forward to working to fulfill CCRTA’s vision of providing a safe, accessible, and innovative transportation system for current and future generations,” stated Derrick Majchszak.

CCRTA would like to thank Miguel E. Rendón for leading the organization as Acting CEO over the last year. “During his tenure, Miguel did an extraordinary job leading the CCRTA during a trying period. The Board is proud of his dedication to public transportation and our community,” stated Dan Leyendecker, Board Chair.

CCRTA serves more than 10 communities in an 846 sq. mile service area within the Corpus Christi region. CCRTA was recently recognized by the American Public Transportation Association (APTA) for its safety & security and emergency management. In 2022, CCRTA earned the Texas Transit Association’s Outstanding Metropolitan Transit Agency award.
